

WHY CHOOSE A PURE-BRED POWER CAT

A pure-bred power catamaran vs a converted sailing cat

There's a big difference between the two. You want to look for the cat that offers the best living comforts, accommodations, structure and efficiencies by placing advanced technology at the forefront of all design and build decisions. Enter Aquila Power Catamarans, the newest evolution in catamaran build and design in the market today with a pure-bred catamaran line-up to deliver just that.

In The MarineMax Vacations Charter Fleet

We exclusively feature Aquila Power Catamarans to provide an unequaled experience on the water. In addition to their standard pure-bred luxuries, each features additional comforts such as watermakers, free wi-fi, electric grills and wetbars on oversized flybridges, genset, and air conditioning with individual cabin controls.

Aquila Power Catamarans

Aquila Power Cats are available for charter vacations, charter ownership and private purchase, where a variety of options are available for customization. Contact us at 888-461-54976 or visit www.marinemaxvacations.com for more information.

Direct bridge to bow access not only makes grabbing a mooring ball easier, but allows guests to freely move around the cat to enjoy time cruising and playing.

The Pure-bred Aquila Cat

Aquila's pure-bred power cat designs include a balsa core that is vinyl resin infused, engine rooms and generator lockers that are sealed off and located outside of the living areas to eliminate noise and fumes, tempered windows, large cabins within wider power cat hulls to provide spacious privacy, walk around berth access, generous headroom and ample storage space. Aquila's pure-bred power cats are also specifically designed to run more efficiently at higher cruising speeds.

The forward cabin of the MarineMax 443 spans her beam of 21'6" and includes a king-size bed with full walk around access.

Flybridges include ample seating around the helm stations and surrounding tables aft. An electric grill and wet bar compliment the spacious living features of each yacht.

A U-shaped aft settee completes the aft deck, quickly becoming one of the favorite social areas aboard with a Fusion Sound System and accent lighting. This seating also converts to a sunpad.

Signature 360 degree views from the salon and galley compliment the spaciousness as well as allows the beauty of the outdoors in. The large areas deliver comfort for morning, afternoon or evening enjoyability complete with accent lighting and entertainment options including tv, dvd player and Fusion Sound System.

Aft seating and play areas include transom steps that are not only designed to offer access to the vessel, but are intentionally deeper to provide sitting comforts during water play.

The MarineMax 443 (and select MarineMax 484 hulls) includes the much sought after bar feature where the galley window opens to reveal a favorite spot – the large entertaining area aft.
